### FUN FACTS:

- Less than two percent of the American population are farmers, yet they feed 98 percent of the rest of us.
- Ninety-six percent of the farms in America are family farms.
- You can buy your food direct from a farmer. It's delicious, you can feel good feeding it to your family, and you'll benefit a farm family in the process!
- Shop Kansas Farms is the bridge connecting you to the people who grow and raise your food.

The mission of Shop Kansas Farms is to connect consumers (that's you!) to the wonderful farm and ranch families of Kansas to purchase meat, dairy, veggies, and other home-grown products for human consumption direct from the people who grow it!

## WHAT IS SHOP KANSAS FARMS?

**A Facebook group** - Rick McNary, of Potwin, began the Shop Kansas Farms Facebook group one evening in April 2020 as the pandemic began to impact supply chains. After eating a dinner of wonderful beef he had purchased directly from a local farm, his wife, Christine, mentioned that the meat counter was empty at the grocery store. He started the Facebook group to connect farms and ranches he knew that sold food they raised directly to consumers, then invited his friends to join. Within the first seven days, 50,000 members joined; with more than 100,000 more joining within two years. The group continues to grow, with new consumers and producers joining each day.

**A website with searchable map/directory** - In response to requests for a map where consumers could search for nearby producers, Rick and Christine designed a website, complete with an interactive map, and thus began Shop Kansas Farms, LLC.

## HOW IT WORKS

### BUYERS: HOW TO BUY ON SHOP KANSAS FARMS
